When a company is in business for over 90 years, it experiences many changes. Interestingly enough Fox & Gunn has only had four managers during this time.

From Frank Fox starting the business in 1929, company managers Ian Gunn, Rodney Fox and Ken Russell continued with the same direction and attitude for over 85 years, and now, 90 years later with current managing director Baiju Lal bringing an abundance of experience and leadership in the industry, Fox & Gunn continues to grow from strength to strength.

After 90 years of service, Fox & Gunn is now one of New Zealand's most trusted trade suppliers of premium tools and hardware nationwide.

Fox & Gunn are the exclusive New Zealand agents for the majority of the products they supply which are available from distributors in every city and town throughout New Zealand.
